TITAN
500

MADE IN ITALY

TITAN 500

COMPACT AND PERFORMING GRINDING AND POLISHING MACHINE WITH ONE WAY ROTATING PLANETARY

TITAN 500 is a very compact and performing single-phase grinding and polishing machine equipped with a mono-directional fully geared planetary and variable working speed. It is the ideal machine for large marble, terrazzo, granite and concrete surfaces and for the preparation of industrial floors, bush-hammering, grinding, fast removal of old glues and resins and mirror-polished concrete through the HyperConcrete system.

MAIN FEATURES:

- Single-shell framework, robust and compact for less space.
- Easy and quick removal of the planetary that allows the use 20" discs, brushes and tools.
- 180° overturning system for extra weights . Move the weights to the front to gain grinding pressure or to the back to facilitate the tool changes tilting operation (Optional).
- 46 litres water tank.
- Total mechanical transmission with thermoset gears for maximum reliability and durability.
- 2 Year Warranty: The GUARANTEE for machines equipped with hour meter is up to 2 years or 600 working hours.

TECHNICAL DATA

Model	Motor	Volt	Hertz	Motor Speed	Tool Speed	Work Diameter	Tool Size	Water Tank	Size LxAxP cm	Weight
TITAN 500	4 HP	220	50/60	155 rpm	1000 rpm	500mm	3x200mm	46 lt	120x100x50	Kg 200
TITAN 500 VS	4 HP	220	50/60	120-250 rpm	600-1300 rpm	500mm	3x200mm	46 lt	120x100x50	Kg 205

COMPACT AND PERFORMING GRINDING AND POLISHING MACHINE with one way rotating planetary

Additional weight (optional).

Re-adjustable handle up to 90°.

Quick and secure handle adjustment pin. Eyebolts for lifting.

ESTIMATED PRODUCTION

Concrete Polishing 7 step	8-12 m ² /h
Concrete Grinding 1 step	40-60 m ² /h
Terrazzo Polishing 5 step	9-15 m ² /h
Resin Removal 1 step	40-60 m ² /h
Paint Removal 1 step	40-60 m ² /h
Marble Polishing 5 step	8-12 m ² /h
Granite Polishing 7 step	3-5 m ² /h

Data may vary depending on surface conditions, tools used, operator convenience, equipment, etc.

	Volume	Size	Weight
	0,72 m ³	120x80x75 cm	222 Kg

TITAN 500

New vacuum hood.

Up to 81 KG extra weight (optional).

CONCRETE - TERRAZZO

MARBLE - GRANITE

FLOOR RESTORATION with FLOOR PAD 21"

BUSH HAMMER 21"

The most versatile grinder in the world

TITAN 500

New 20" tools disc with **FLOATING JOINT** for quick grinding and removal.

GRINDING AND POLISHING

PREPARATION

With **TITAN 500** it is possible to quickly remove the planetary head and use:

- **Brush 20"**
- **Floor Pad 20"**
- **Bush Hammer 20"**
- **Diamond tools 20"**

TITAN IS QUICKLY DIVIDED IN 3 PARTS

CLEANING with BRUSH 21"

POLISHING with DIAMOND FLOOR PADS

RESIN REMOVE

ANTI SLIP TREATMENT

WHY CHOOSE TITAN

SETTING NEW
STANDARDS

EUROPEAN CERTIFIED

The TITAN series complies with safety standards Art. EN 60204-1.

TRANSMISSION WITH TEMPERATED GEARS

Planetarium in 100% tempered metal and without drive belt. The gear transmission system allows the machine to work continuously while maintaining high performance. No time wasted and pauses on the site construction due to broken belts. Belt drive planet gauges do not guarantee the same performance compared to planetary gearboxes, they are also subject to breakage during work and require long repair times. Warning: in many grinders the main dish and the satellites do not work together: if you lock a satellite the main dish keeps rotating, drastically reducing the performance of the machine.

SELECTOR TO LOCK THE INVERTER DOOR

This device prevents opening the door before switching off the electrical panel.

SAFETY DEVICE DEDICATED TO MONITORING THE EMERGENCY CIRCUIT

This device automatically switches off the machine in the event of a fault in the electrical system, preventing possible damage and repair costs. HG HYPER GRINDER uses the highest quality electrical components and complies with safety regulations.

ADJUSTABLE WEIGHTS

180 ° overturning system for extra weight. The displaced weights increase the grinding pressure. The weights tilt back facilitating easy of use (optional).

EMERGENCY AND SAFETY BUTTON

The emergency button immediately stops the engine and all the “moving parts” (such as tools) avoiding any possible danger.

NEW DASHBOARD

HG Hyper Grinder introduces the new dashboard for the grinding machines. Cup holder and 2 USB sockets to make your job even more comfortable.

ADJUSTABLE HANDLE UP TO 90°

Handle in the rest position to reduce the clutter in the warehouse and in transport.

RAPID WATER CONNECTION

Convenient quick connection for connecting the water pipe directly. The tap allows you to adjust the water supply on the floor.

OPTIMIZED SUCTION SYSTEM

Connection to the vacuum cleaner in order to work dry and without dust.

VARIABLE SPEED

From 600 to 1300 rpm Many grinders on the market instead have a limited speed range.

46 LITER WATER TANK

The water tank is imperative during wet grinding. Many grinding machines on the market do not have a tank or have a smaller one.

EFFECTIVE WEIGHT DISTRIBUTION

The TITAN grinders are built with the engine positioned on the centre of the planetary thus ensuring a perfect balance and maximum working pressure in all conditions and surfaces including Marble, Terrazzo and Concrete. Many grinders on the market, on the other hand, are not suitable for polishing and polishing marble floors.

WE GIVE IMPORTANCE TO STEEL

TITAN sanders are designed to be very robust and reliable over time:

- Frame in treated and painted steel.
- Planetarium sump is made of almond metal and galvanized for and protects from shocks.

Many grinders have a plastic casing that is easy to break, do not protect the tools from impact and do not allow to work flush against the wall.

2 YEARS WARRANTY

The GUARANTEE for TITAN grinder with "hour counter" is extended up to 2 years or 600 hours. To receive the extended warranty you will need to follow the maintenance schedule at an authorized HG HYPER GRINDER workshop. The first maintenance must be performed within a year or 500 hours of work.

TITAN TOOLS

			
BUSH HAMMER exclusive tool useful for many applications.	SANDBLASTING sandblasting effect	PDC SCRAPER for resin removal and thick coatings.	PDC HYPER SCRAPER for resin removal and thick coatings.
			
TCK ARROW for resin removal and paints on hard concrete floors	BT ROUND for the removal of lower thickness resins and paints.	TCK SERIES preparations and removal of coatings on concrete floors.	HG-M diamond tools for medium abrasive concrete.
			
HG-X diamond tools for grinding HARD floors.	HG-S diamond tools for soft concrete.	HG-A diamond tools for very abrasive and asphalt concrete.	HG-N for standard concrete.
			
TRAPEZOIDS	SPRING HOLD SYSTEM for perfect and homogeneous concrete polishing.	JUMPY GREEN for smoothing and polishing concrete floors.	SERIES MM metal diamond discs for polishing marble.
			
JUMPY YELLOW Resin disks for polishing marble floors.	SERIES MTM To smooth terrazzo, agglomerate, limestone, travertine and abrasive floors.	JUMPY ORANGE for polishing granite, Terrazzo, Limestone and Sown.	SERIES GM Metal diamond discs for smoothing granite and stoneware.
			
JUMPY RED Resin diamond disks for polishing granite and stoneware.	PAVELUX to remove mastic or polish marble and granite.	ANTIQUÉ BRUSH system for anti-queing marble, stone and terracotta.	TOOLS BOX Complete kit for grinding and polishing.
